#### 1. 大会主席致词

大会主席祝友成在常年会员大会上致词时感谢大家长久以来支持商会所进行的一系列活动。

他表示，过去一年，全球与国内经济都面对重重挑战，包括美中经济关系持续紧张、原产品价格波动及科技变革，同时本地也因最低薪金上调、水电费调涨及扩大版 SST 等政策而增加了企业成本压力。这些措施对中小企业带来巨大冲击，成本上升终将转嫁至消费者，削弱市场信心。

## 附件2号

槟州中华总商会会长  
拿督斯里祝友成硕士  
29-08-2025

尊敬的各位会员，媒体朋友们：

大家早上好！

感谢大家出席今天的会员常年大会，也感谢大家长久以来支持商会所进行的一系列活动。

过去一年，全球经济因地缘政治紧张，原产品价格波动及科技变革而充满不确定性，而我国的经济确实面对不少挑战。

放眼国际，我们亦不能忽视美中经济关系持续紧张所带来的效应。美国持续奉行“美国优先”政策，并再次加强贸易壁垒，技术出口管制与本土制造回流政策。

这对马来西亚既是挑战，也是机遇。挑战在于，我们许多依赖美国或中国市场的出口商，需应对贸易流动的不确定性与可能增加的关税障碍。另一方面，马来西亚作为区域制造与再出口基地，正好可在大国博弈中提供“中立地”角色，吸引更多寻求多元化供应链的企业进驻。

商会认为，政府应加紧脚步，完善营商环境，加快审批流程，提升劳动力培训质量，并扩大与区域国家的自由贸易协定谈判，为我国企业打开跟多替代市场的大门。

在国内，马来西亚经济在消费市场，制造业及旅游业复苏的带动下，保持温和增长。槟城依然是国家经济的重要引擎----电子与电机（E&E）产业实力雄厚，服务业持续扩展，旅游和会展（MICE）行业也重新获得动力。

此外，我也要谨借此机会，提出在今年已经或是将实行的几项攸关国家经济与企业经营环境的新政策。

这些包括了：-

- (1) 电子发票 (e-Invoice) 的推行
- (2) 最低薪金提高至 RM1700
- (3) 水，电费调涨
- (4) 扩大版销售与服务税 (SST) 计划
- (5) 外劳缴交 2% 的公积金
- (6) 政府各项公共设施费用的提升，比如港口收费等
- (7) RON95 汽油补贴机制的重组

政府在今年宣布扩大版 SST 的实施范围，引起了广泛关注。新政策涵盖更多服务领域，包括物流，维修，顾问服务等，税率从原本的 6% 提升至 8%。

我们商界必须坦率指出，扩大 SST 对中小企业（SMEs）带来的冲击不容小觑。而此次范围扩大的节奏稍显急促，令不少企业措手不及。此外，上游成本的转嫁也将对终端消费者造成影响，进行削弱整体市场的消费信心。

此外，水，电费调涨对企业运营成本带来显著影响。令人百思不解的是，这些公用事业领域的大企业，好像 TNB, PBA 及各州的水供公司每年都以赚取巨额盈利，而目前百业萧条之际，为何政府还是准许这些公用事业抬高收费？对我们来说，最后受影响的还是普通民众。

政府正在研究重组 RON95 汽油补贴机制，从原有的“普惠制”转向更具针对性的目标式补贴。这项政策改革方向，我们表示欢迎，因为确实有助于更有效地分配国家资源，避免补贴滥用。

但在实际落实中，关键在于“如何界定受惠群体”与“如何执行“这两个问题。如果机制不够透明或数据不准确，可能导致真正需要补贴的群体被遗漏，而不应受惠者却继续受益。

槟州中华总商会一百多年来一直是商界的声音与平台。今天，我们的角色更为重要。

我们将继续：

- 提供及时的经济趋势与分析，协助会员作出精准的商业决策；
- 建立更强大的商业网络，无论本地或国际，为会员开拓更多贸易与投资机会；
- 积极与政府部门沟通，确保会员的利益能在政策制定中获得重视；

我们同时也将积极推动相关的培训，研讨会与跨界交流平台，内容涵盖数码化，AI (人工智能)，ESG (环境，社会与治理) 的要求及市场拓展策略，协助会员企业更好地理解这个新潮流，让我们整个商界生态在这个新趋势中，不只是跟上潮流，而是引领变革。

各位同仁，挑战是真实的，但机遇也同样存在。凭着会员的智慧，决心与创新精神，我深信槟州中华总商会能够带领大家迈向更加繁荣与可持续的未来。

让我们携手并进，不仅要跨越当下的挑战，更要为下一代建立一个坚韧与卓越并存的商界传承。

谢谢大家。

2025 年度会员大会提案

1. 大会呼吁政府暂缓推行扩大版销售与服务税（SST）计划，并全面检讨现行税制。

案由：

政府原定于 2025 年 5 月落实扩大版销售与服务税（SST），虽已展延至同年 7 月 1 日实施，但当前经济前景不明朗，国际贸易局势动荡，企业营运成本持续高企。若在此情况下贸然推行新措施，不仅将进一步加重中小企业负担，还会因税收申报与缴付周期影响企业现金流，加剧资金周转压力，导致部分企业陷入财务困境。

(由经济、财务及税务组提呈)

2. 大会吁请政府在全面落实电子发票（e-Invoice）制度后，进行系统性的检讨与评估，确保该制度在实际操作上完善、高效，并能真正协助企业提升营运效率与税务合规。同时，政府应积极聆听业界回馈，适度调整相关政策与配套措施。

案由：

电子发票（e-Invoice）制度是国家推动数字化转型与税收现代化的重要措施，若能妥善执行，将有助于提升透明度、减少逃税行为，并促进企业数码化。然而，当前企业尤其是中小企业普遍反映在系统使用、技术支援及额外成本方面仍面对不少挑战。

(由经济、财务及税务组提呈)

3. 大会呼吁政府审慎调整港口费收费，延后落实有关措施以纾缓企业与民众负担。

案由：

政府计划调涨港口服务收费，整体涨幅高达 30%。此举将对物流业及进出口导向企业带来沉重营运压力，恐进一步削弱我国贸易竞争力并加剧通胀影响，冲击整体经济复苏进程。

(交通、物流及关税组提呈)

4. 大会呼吁海关的 PASCA 审计部门在对进口商重新审计时，针对过往货品在通关中存在的纰漏，尽量避免“一刀切”地采用 call back 的方式，应结合实际情况采取多种手段给以校正或警示，以免造成进口商因需补缴多年累积的海关税务而带来的经济负担。

案由：

近日来，PASCA Audit 在进口商所在地重新审计时，为纠正海关编码错误、免税原产地证（比如 Form E）的列表规格等问题，均采取 call back 多年税款的方式，导致涉事商家需补缴高达几万甚至几十万的税款。此举给商家们带来了巨大的压力，打击他们的积极性和信心，影响经济发展。

然而，海关编码、关税政策等专业事项繁杂多变，责任并非一定在于商家，部分也在于港口的海关审查官员未能及时识别或在规则不清的情况下准许货品通关。故呼吁相关部门调查清楚实际情况，对于非故意犯错的案件，采取校正或警告的措施。

(交通、物流及关税组提呈)

5. 大会吁请政府放宽雇佣外劳条例，检讨并制定全面性的长期外劳政策，同时简化与加快外劳申请程序，并设立一站式服务柜台，以便利外劳相关事务的处理。

案由：

我国各行业长期面临劳工短缺，企业对外籍劳工的依赖程度日益增加。然而，现行外劳聘用政策与申请程序过于繁琐、冗长且效率低下，不仅提高了企业的人力与时间成本，也导致外劳供不应求，严重影响生产与服务链的稳定与发展。

(由商业、中小型企业及人力资源发展组提呈)

---

6. 大会呼吁政府取消雇主 2% 外劳公积金政策。

案由：

马来西亚政府将自 2025 年 10 月 1 日起，强制要求雇主为在马工作的外籍劳工（不包括家庭帮佣）缴交公积金（EPF），每名员工须按月缴交薪水的 2%。此举虽有保障外劳的用意，但也将显著增加企业营运成本，尤其对中小企业冲击更大。当前许多行业已面临成本上升，若再额外增加公积金缴纳负担，不仅会削弱企业竞争力，更将加剧企业的现金流压力，影响资金周转，甚至迫使部分厂商考虑外移。

(由商业、中小型企业及人力资源发展组提呈)

---

7. 大会呼吁政府设立奖励与激励措施，积极推动人工智能（AI）应用。

案由：

政府已在《第十三大马计划》中提出，于 2030 年将马来西亚打造为人工智能（AI）驱动的发展型国家。为达成此目标，亟需推动中小企业广泛采用人工智能技术，以提升生产力与出口竞争力，加速企业转型升级。若政府能通过设立专项奖励、补助计划与税务优惠，有效鼓励更多业者尽早投入智能化与数码化发展。

(资讯工艺组提呈)

---

8. 全面检讨商业执照签发机制，制定外国商家申请资格审查标准。

案由：

近年来，外国商家大量进入本地市场，各行各业面临前所未有的激烈竞争，因此商界呼吁政府加强监管，以保障本地企业的营运环境。若政府能在商业执照签发机制中，针对外国商家申请增设更明确的资格审查标准，将有助于调控外国商家进入本地市场，确保公平竞争，并促进本地经济的健康发展。

(由商业、中小型企业及人力资源发展组提呈)

9. 当槟城轻快铁（LRT）工程正在进行中，大会呼吁槟州政府制定一套全面的交通管理计划，具体建议包括：

1. 制定并落实明确的交通管理计划，包括绕道安排与实时交通信息通报；
2. 加强与警方、地方政府及公共交通机构的协调，以缓解高峰时段的拥堵；
3. 提供临时公共交通方案，如接驳巴士及停车转乘（Park & Ride）设施；
4. 优化施工进度与安排，减少道路封闭时间，并保障道路使用者安全；
5. 积极与居民、商家及相关利益团体沟通，及时回应公众关切。

案由：

槟城轻快铁（LRT）工程对完善公共交通体系、纾解长期交通问题具有深远意义。然而，在建设期间，工程势必对道路交通造成严重冲击。若缺乏妥善的交通管理措施，长期的交通拥堵将对槟城居民的日常生活、商业运作、旅游业发展及通勤便利带来负面影响，并可能削弱整体城市发展的动力与步伐。

|-----------------------------------------------------|
| <b>Motions For PCCC 2025 Annual General Meeting</b> |
|-----------------------------------------------------|

1. We urge the Government to postpone the implementation on the expansion of Sales and Service Tax (SST) and to conduct a comprehensive review on the current tax system.

Rationale:

The Government originally planned to implement the expanded SST in May 2025, but later postponed to 1st July of the same year. Amid the current uncertain economic outlook, the unstable international trade situation, and continuous escalating business operation costs, should the new measures be imposed without due consideration now, it would further burden our SMEs. It may also affect business cash flow due to tax collections and payment cycles, increase financial strain and potentially pushing some enterprises into financial distress.

(submitted by Economic, Finance & Taxation Committee)

2. We urge the Government that upon fully implementing the e-Invoicing system, to conduct a systematic review and regular evaluation on the e-Invoicing system, so as to ensure that the system is practical, efficient, and truly assist businesses in enhancing its operational efficiency and tax compliance. The Government should at the same instant take into consideration comments and feedbacks from all industries; and execute appropriate adjustments on the relevant policies and support measures under the e-Invoicing system.

Rationale:

The e-Invoicing system is an important measure for the country to promote digital transformation and tax modernization. With its proper implementation, it will certainly enhance transparency, reduce tax evasion, and promote digitalization of businesses. However, the current enterprises (especially small and medium-sized enterprises) generally reflect that they do face many challenges in system usage, technical support and additional costs.

(submitted by Economic, Finance & Taxation Committee)

3. We urge the Government to review and adjust the port service charges prudently; and defer the implementation of such measures in order to ease the burden on businesses and the public.

Rationale:

The Government has proposed an increment of up to 30% on port service charges. Such proposition definitely will impose a hefty operational tension on the logistics sector and export-oriented businesses, potentially weakening Malaysia's trade competitiveness, intensifying inflationary stress, and undermining the overall economic recovery process.

(submitted by Transport, Logistics & Customs Committee)

4. We urge the Customs PASCA Audit Division to avoid adopting a blanket 'call back' approach for the importers' past discrepancies in customs clearance during its process of re-auditing the importers. Instead, it should take into account the actual circumstances and apply varying corrective or warning measures, so as to prevent the importers from being burdened with the massive financial impact of having to pay back-dated custom duties accumulated over many years.

Rationale:

During re-audits conducted at the importers' premises recently, the PASCA Audit Division has adopted a 'call back' approach to recover multiple years of duties for issues such as incorrect customs codes or discrepancies in duty-free certificates of origin (e.g., Form E). As a result, businesses are required to pay additional duties amounting to tens of thousands, or even hundreds of thousands, of ringgit. Such practices have caused tremendous pressure on the affected businesses, undermining their motivation and confidence, and ultimately impacting economic growth.

Customs codes and tariff policies are highly complex and subject to frequent changes. The responsibility does not always lie with the businesses. In some cases, it also stems from customs officers at the port who either failed to identify discrepancies in time or permitted clearance in situations where regulations were unclear. Therefore, we urge the relevant Authorities to investigate the actual circumstances; and for those cases involving unintentional errors, do adopt corrective or warning measures, but not imposing burdensome backdated duties.

(submitted by Transport, Logistics & Customs Committee)

- 
5. We urge the Government to ease up on the regulations on hiring foreign workers, review and formulate a comprehensive long-term foreign worker policy, simplify and expedite the foreign worker application process, and set up a one-stop service counter to facilitate the handling of foreign worker-related matters.

Rationale:

Malaysia is facing a serious labour force shortage across various industries. Businesses are increasingly rely on foreign workers. However, current policies and its application procedures are overly complicated, lengthy, and inefficient, thus raising costs and limiting supply. This has directly disrupted production and service chains. The Government should simplify and further facilitate application processes and set up one-stop service centers.

(submitted by Business 、 SMEs & Human Resource Development Committee)

- 
6. We urge the Government to abolish the imposition of employers' 2% EPF contribution for foreign workers.

Rationale:

Starting from 1<sup>st</sup> October, 2025, the Malaysian Government will mandate employers to contribute 2% of the monthly salary of each foreign worker (excluding domestic helpers) to Employees Provident Fund (EPF). While this measure is intended to protect foreign workers, it will significantly increase the operation costs for businesses, particularly the small and medium-sized enterprises. Many industries presently are faced with the escalating operation costs. Such additional burden of mandatory EPF contributions will undoubtedly undermine business competitiveness, intensifying cash flow pressures, impacting capital turnover and even pressurize manufacturers to opt for relocation plans.

(submitted by Business 、 SMEs & Human Resource Development Committee)

- 
7. We urge the Government to introduce rewards and incentive campaign in vigorously promoting the adoption of Artificial Intelligence (AI).

Rationale:

The Government has proposed in its 13th Malaysia Plan to transform Malaysia into an artificial intelligence (AI)-driven development nation by 2030. To achieve this goal, it is imperative to promote widespread adoption of AI technologies among small and medium-sized enterprises (SMEs) to boost productivity and enhance export competitiveness, accelerating business transformation and upgrading. It is crucial that the Government can effectively encourage more businesses to invest in intelligent and digital development earliest possible through the establishment of targeted incentives, subsidies, and tax incentives.

(submitted by Information Technology Committee)

- 
8. Conduct a comprehensive review on the business licensing issuance mechanism and establish eligibility criteria for foreign business applicants.

Rationale:

In recent years, a large number of foreign businesses have participated in the local domestic market, thus resulted in various local businesses to have faced with unprecedentedly fierce competition. Therefore, the business community urges the Government to strengthen regulations so as to protect the operating environment for local businesses. By introducing clearer eligibility criteria for foreign business applicants within the business licensing issuance mechanism, it will regulate the entry of foreign businesses into the local market, therefore ensure fair competition, and promote a healthy development of the local economy.

9. As the Penang Light Rail Transit (LRT) project is underway, we urge Penang State Government to formulate a comprehensive traffic management plan.

Specific recommendations include:-

1. Formulating and implementing a clear traffic management plan, including diversion arrangements and real-time traffic information updates;
2. Enhancing coordination with the police, local authorities, and public transport agencies to ease peak-hour congestion;
3. Providing temporary public transport solutions, such as shuttle buses and Park & Ride facilities;
4. Optimizing construction schedules and arrangements to minimize road closures and ensure the safety of road users;
5. Engaging proactively with residents, businesses, and relevant stakeholders, and responding promptly to public concerns.

Rationale:

The Penang Light Rail Transit (LRT) project has far-reaching significance in improving the public transportation system and alleviating long-term traffic problems. Without proper traffic management measures, chronic traffic congestion will negatively impact the daily lives of Penang residents, business operations, tourism development, and commuting convenience, potentially undermining the momentum and pace of overall urban development.

## **MINUTES OF PCCC ANNUAL GENERAL MEETING FOR 2025**

Date : 29 August 2025 (Friday)

Time : 11:00 a.m.

Venue : Tan Kok Ping Hall, PCCC Building  
No. 3, Light Street, 10200 Penang

Present : 106 members (Please refer to Annex 1)

In Attendance : Wang Chai Hui, Chiew Li Mian, Choo Woan Shin  
& Record by

Chairman : Choot Ewe Seng

### **PROCEEDINGS**

#### **1. ADDRESS BY THE CHAIRMAN**

The Chairman Choot Ewe Seng in his address expressed his gratitude to all PCCC members for their continuous support of the Chamber's activities.

He said that over the past year, the global economy has been defined by uncertainties driven by geopolitical tensions, fluctuations in commodity prices, and rapid technological changes, while our national economy has indeed faced many challenges. At home, policies like the minimum wage increase, higher utility rates, and the expanded SST have added to the cost burden of businesses. These measures have placed significant impact on SMEs, and as these rising costs are ultimately passed on to consumers, market confidence will be weakened.

Penang remains a vital engine of the national economy—bolstered by a robust Electrical and Electronics (E&E) sector, a steadily expanding services industry, and renewed momentum in the tourism and MICE (Meetings, Incentives, Conferences, and Exhibitions) sectors. Penang Chinese Chamber of Commerce would continue to provide timely economic trends and analysis, strengthening business networks and fostering active dialogue with the government. Simultaneously, we will drive digital transformation, AI adoption, and ESG compliance through specialized training and exchange platforms, ensuring our members are well-positioned to lead in a changing economy

Please refer to Annex 2 for full text of the Chairman's address.

#### **2. CONFIRMATION OF MINUTES OF LAST AGM HELD ON 20 SEPTEMBER 2024**

The minutes of last Annual General Meeting held on 20 September 2024 was confirmed and accepted without any objection, as proposed by Seng Siew Lean and seconded by Lee Toong Leon.

#### **3. ADOPTION OF 2024 ANNUAL REPORT**

The meeting confirmed and accepted the annual report for year 2024 unanimously as proposed by Benson Neoh Kah Wei and seconded by Seng Siew Lean.

#### **4. ADOPTION OF AUDITED STATEMENT OF ACCOUNTS FOR THE YEAR ENDED 31-12-2024**

The audited account for the year 2024 was confirmed and accepted unanimously without any objection as proposed by Loh Boon Yong and seconded by Hong Yeam Wah.

#### **5. DISCUSSION ON MOTIONS SUBMITTED BY MEMBERS**

The meeting adopted the 8 motions submitted by members as follows:

- 1) We urge the Government to postpone the implementation on the expansion of Sales and Service Tax (SST) and to conduct a comprehensive review on the current tax system.

- 2) We urge the Government that upon fully implementing the e-Invoicing system, to conduct a systematic review and regular evaluation on the e-Invoicing system, so as to ensure that the system is practical, efficient, and truly assist businesses in enhancing its operational efficiency and tax compliance. The Government should at the same instant take into consideration comments and feedbacks from all industries; and execute appropriate adjustments on the relevant policies and support measures under the e-Invoicing system.
- 3) We urge the Government to review and adjust the port service charges prudently; and defer the implementation of such measures in order to ease the burden on businesses and the public.
- 4) We urge the Customs PASCA Audit Division to avoid adopting a blanket 'call back' approach for the importers' past discrepancies in customs clearance during its process of re-auditing the importers. Instead, it should take into account the actual circumstances and apply varying corrective or warning measures, so as to prevent the importers from being burdened with the massive financial impact of having to pay back-dated custom duties accumulated over many years.
- 5) We urge the Government to ease up on the regulations on hiring foreign workers, review and formulate a comprehensive long-term foreign worker policy, simplify and expedite the foreign worker application process, and set up a one-stop service counter to facilitate the handling of foreign worker-related matters.
- 6) We urge the Government to abolish the imposition of employers' 2% EPF contribution for foreign workers.
- 7) We urge the Government to introduce rewards and incentive campaign in vigorously promoting the adoption of Artificial Intelligence (AI).
- 8) Conduct a comprehensive review on the business licensing issuance mechanism and establish eligibility criteria for foreign business applicants.
- 9) As the Penang Light Rail Transit (LRT) project is underway, we urge Penang State Government to formulate a comprehensive traffic management plan. Specific recommendations include:-
  1. Formulating and implementing a clear traffic management plan, including diversion arrangements and real-time traffic information updates;
  2. Enhancing coordination with the police, local authorities, and public transport agencies to ease peak-hour congestion;
  3. Providing temporary public transport solutions, such as shuttle buses and Park & Ride facilities;
  4. Optimizing construction schedules and arrangements to minimize road closures and ensure the safety of road users;
  5. Engaging proactively with residents, businesses, and relevant stakeholders, and responding promptly to public concerns.

For details of the 9 motions, please refer to Annex 3.

The meeting adjourned at 11:30 a.m.

### **PENANG CHINESE CHAMBER OF COMMERCE**

#### **2025 ANNUAL GENERAL MEETING**

**Speech by Dato' Seri Choot Ewe Seng, President**

**29-08-2025**

Our fellow Members and Media Friends,

A very Good morning to all of you !

Thank you all for attending today's Annual General Meeting, and for your continuous support of the Chamber's activities.

Over the past year, the global economy has been defined by uncertainties driven by geopolitical tensions, fluctuations in commodity prices, and rapid technological changes, while our national economy has indeed faced many challenges.

From a global perspective, we cannot overlook the impact of the ongoing tensions in US-China economic relations. The United States continues to prioritize 'America First' policy, intensifying trade barriers, technology export controls, and policies aimed at reshoring manufacturing.

For Malaysia, this environment presents both a challenge and an opportunity. The challenge lies with our exporters who rely on the US or Chinese markets, they must navigate the uncertainty of trade flows and potential increases in tariff barriers. On the other hand, as a regional manufacturing and re-export hub, Malaysia is well-positioned to serve as a 'neutral ground' amidst this great power rivalry, attracting more companies seeking to diversify their supply chains to set up operations here.

The Chamber believes the government must accelerate its efforts to optimize the business environment, expedite approval processes, and enhance the quality of workforce training. Furthermore, expanding Free Trade Agreement (FTA) negotiations with regional countries is crucial to opening doors to alternative markets for our local enterprises

Domestically, Malaysian economy has maintained moderate growth, driven by a recovery in consumer markets, manufacturing, and tourism. Penang remains a vital engine of the national economy—bolstered by a robust Electrical and Electronics (E&E) sector, a steadily expanding services industry, and renewed momentum in the tourism and MICE (Meetings, Incentives, Conferences, and Exhibitions) sectors."

"Furthermore, I would like to take this opportunity to highlight several new policies, implemented this year or forthcoming, that are critical to the national economy and the business environment."

**These include:**

- (1) Implementation of e-Invoicing**
- (2) Increase of the minimum wage to RM1,700**
- (3) Hikes in water and electricity tariffs**
- (4) Expansion of the Sales and Service Tax (SST) scope**
- (5) Mandatory 2% EPF contribution for foreign workers**
- (6) Increases in various public utility and facility fees, such as port charges**
- (7) Restructuring of the RON95 petrol Subsidy rationalisation**

The expansion of the Sales and Service Tax (SST) scope announced by the government this year has garnered widespread attention. This new policy encompasses a broader range of service sectors, including logistics, maintenance, and consultancy services. Furthermore, the service tax rate has been increased from the previous 6% to 8% for most taxable services.

The business community must candidly state out that the impact of the expanded SST on Small and Medium Enterprises (SMEs) cannot be underestimated. The pace of this expansion has been hasty, leaving many businesses unprepared. Furthermore, the passing down of upstream costs will ultimately affect end consumers, thereby weakening overall market consumer confidence

additionally, the hikes in utility tariffs have significantly impacted business operating costs. It is baffling that the large companies like TNB, PBA, and various state water companies report substantial annual profits, the government continues to permit rate raising during such a widespread economic downturn. Ultimately, ordinary citizens bear the brunt of these increases.

With the government reviewing the RON95 petrol subsidy to move from blanket to targeted support, we express our support for this strategic shift. This reform will ensure resources reach those truly in need while eliminating subsidy leakages to benefit.

However, in practical implementation, the crux of the matter lies in two key questions: 'how to define the eligible groups' and 'how to execute the plan.' If the mechanism lacks transparency or the data is inaccurate, it could lead to 'exclusion errors'—where those truly in need are omitted—while those ineligible continue to benefit."

For over a century, the Penang Chinese Chamber of Commerce (PCCC) has served as the definitive voice and platform for the business community. Today, our role is more vital than ever. We remain committed to:

- Providing timely economic trends and analysis, empowering our members to make precise business decisions;
- Building a robust business network, both locally and internationally, to unlock trade and investment opportunities;
- Engaging proactively with government authorities to ensure that our members' interests are prioritized in the policymaking process.

Concurrently, we will actively promote relevant training, seminars, and cross-border exchange platforms. These will cover digitalization, Artificial Intelligence (AI), ESG requirements, and market expansion strategies. Our goal is to help member companies navigate these emerging trends, ensuring that our business ecosystem does not just keep pace with the times, but pioneers the transformation

Our fellow Directors and Members, the challenges we face are real, but the opportunities are equally present. With your wisdom, determination, and innovative spirit, I am deeply confident that the Penang Chinese Chamber of Commerce will steer us all toward a more prosperous and sustainable future

Let us move forward together, not only to overcome today's challenges, but also to build a business legacy of resilience and excellence for the next generation. Thank you all.

槟中总执行董事于 2025 年 10 月 10 日(星期五)下午 4 时，在陈国平厅收视财政部长公布国家财政预算案之现场直播，并在财政部长宣布过后，即对预算案作出评估及向报界发表意见，以反映槟中总之观点和见解。

槟州中华总商会针对 2026 年度国家财政预算案之评述：

首相兼财政部长安华今天提呈 2026 年财政预算案，这是我国在第十三大马计划（13MP）下的首份财政预算案。

相较于去年调整之后的 4121 亿令吉，2026 年财政预算案再次创下历史新高，总拨款数额高达 4192 亿令吉，显示政府采取审慎而具扩张性的财政方针。

槟中总认为，这是一份重民生却轻改革的预算案。短期援助只能治标，无法治本。以槟城为例，半导体与绿色科技产业虽具潜能，但若改革步伐依旧迟缓、执行力依旧不足，我们将眼睁睁看着机会流失、人才外流，进而削弱我国吸引外资与推动高附加值经济的竞争力。政策若不落地，再好的财政蓝图也只是空谈。

兼任财政部长的安华表示，为展现提高国家成长上限的决心，政府致力于加大对高增值、高价值、高成长的领域的投资，重点推动半导体、能源转型与数字经济三大高成长领域，并采取更主动与系统化的招商与人才引进策略。

槟中总也认为，尽管方向正确，但人才短缺仍是全球面临的主要挑战。政府应着重提升人才的质量与数量，以支撑国家产业升级与持续发展。

政府在本次预算案中拨款 7.9 亿令吉强化马来西亚的技术和职业教育培训（TVET）生态体系，以应付高增长产业对本地人才的需求。槟州中华总商会认为，这项拨款方向正确，但要真正留住人才，仅靠培训还不足，必须同步提高技术岗位的薪资待遇与职业前景。

此外，对于安华宣布的引入“东盟企业地位（ASEAN Business Entity, ABE）”的概念，商会认为目前政策细节仍显模糊。政府应进一步阐明实施机制、受惠条件及预期效益，并尽快公布相关指引。

与往年相似，营运开支仍占据预算的主要部分，总额达 3382 亿令吉，而发展开支则只有 810 亿令吉。这意味着，整体开支的增长主要来自营运开支，例如公务员薪资及退休金的增加。值得关注的是，随着马来西亚人口老龄化及公务员队伍规模庞大，公共部门退休金开销也早已成为政府财政的沉重负担。因此，槟州中华总商会呼吁政府应逐步推动退休金制度改革，例如朝向类似雇员公积金（EPF）的缴费型制度，以确保财政长期稳定，并释放更多资金用于国家发展建设。

2026 年财政预算案并未提出重大税制改革，而是着重于提升税务执行效率及推动税务数码化管理。不过，槟州中华总商会仍坚持认为，消费税（GST）是一项更完善及公平的税制，有助于提升税务透明度与遵从度，同时增加政府的财政收入。

槟州中华总商会指出，政府早在 2025 年预算案中提出碳税（Carbon Tax）政策，而安华则在预算案提及该碳税将于 2026 年落实，首阶段将聚焦于高排放行业，如钢铁与能源业。槟中总促请政府尽快公布清晰、透明且具前瞻性的实施细节与时间表，以便企业能及早规划与调整营运策略，减少政策不确定性所带来的影响。

随着电子发票（E-Invoicing）制度以及印花税自我评估制度（Self-Assessment System）将于 2026 年全面落实，新制度对申报错误或少缴税额的处罚将更为严厉，纳税人须提高合规意识与申报准确度。

槟州中华总商会建议政府考虑设立为期一年的宽限期，以协助纳税人逐步适应新制度，同时简化应征印花税的文件清单并检讨现行印花税率，以减轻企业的行政负担并防止营运成本上升。槟中总支持政府循序渐进并有序地推行自我评估制度，同时强调必须提供清晰的实施指南与过渡期援助措施，以避免特别是中小型企业适应新程序时面临过度的合规压力。

槟州中华总商会会长拿督斯里祝友成硕士表示：“2026 年财政预算案的方向是正确的，接下来的关键在于执行力与人力资源的配合，这将决定我国改革的成效。”

槟中总认为，有意义的改革不可能一蹴而就，因此有效的执行与严格的监督将是确保预算案各项措施成功落实的关键。商会也表达其全力支持政府在强化我国工业韧性与环境永续发展方面的政策方向。

The Chairman Choot Ewe Seng in his address expressed his gratitude to all PCCC members for their continuous support of the Chamber’s activities.

He said that over the past year, the global economy has been defined by uncertainties driven by geopolitical tensions, fluctuations in commodity prices, and rapid technological changes, while our national economy has indeed faced many challenges. At home, policies like the minimum wage increase, higher utility rates, and the expanded SST have added to the cost burden of businesses. These measures have placed significant impact on SMEs, and as these rising costs are ultimately passed on to consumers, market confidence will be weakened.

Penang remains a vital engine of the national economy—bolstered by a robust Electrical and Electronics (E&E) sector, a steadily expanding services industry, and renewed momentum in the tourism and MICE (Meetings, Incentives, Conferences, and Exhibitions) sectors. Penang Chinese Chamber of Commerce would continue to provide timely economic trends and analysis, strengthening business networks and fostering active dialogue with the government. Simultaneously, we will drive digital transformation, AI adoption, and ESG compliance through specialized training and exchange platforms, ensuring our members are well-positioned to lead in a changing economy.

## **Live Telecast Viewing of Budget Speech**

PCCC Executive Committee Members organized a live telecast viewing of the national budget speech by the Finance Minister on Friday, 10 October 2025 at 4:00pm at Tan Kok Ping Hall to evaluate the budget and thereafter issued a press release to reflect the Chamber's views and comments.

PCCC's Comments on Budget 2026:

Prime Minister and Finance Minister Anwar today tabled the 2026 Budget, which is the first budget under the 13<sup>th</sup> Malaysia Plan (13MP).

Compared with last year's revised allocation of RM412.1 billion, the 2026 Budget once again marks a new record high with a total allocation of RM419.2 billion, demonstrating the government's prudent yet expansionary fiscal approach.

Penang Chinese Chamber of Commerce (PCCC) believes that this is a budget that places greater emphasis on people's livelihood but falls short in driving structural reform. Short-term assistance may provide temporary relief, but it does not address the root causes. Taking Penang as an example, although the semiconductor and green technology industries hold significant potential, slow reform progress and weak implementation could result in lost opportunities and talent, thereby affecting Malaysia's competitiveness in attracting foreign investment and driving a high value-added economy. Without effective execution, even the most comprehensive fiscal blueprint will remain merely a plan on paper.

Prime Minister and Finance Minister Anwar stated that, to demonstrate the government's determination to enhance the nation's growth potential, it is committed to increasing investments in high value-added and high-growth sectors. The government will focus on three key drivers of growth - semiconductors, energy transition, and the

digital economy, while adopting a more proactive and systematic approach to investment promotion and talent attraction.

PCCC also believes that although the direction is right, talent shortage remains a major global challenge. The government should focus on enhancing both the quality and quantity of the talent to support industrial upgrading and ensure sustainable national development.

In this Budget, the government has allocated RM790 million to strengthen Malaysia's Technical and Vocational Education and Training (TVET) ecosystem, aiming to meet the demand for local talent in high-growth industries. PCCC believes that while this allocation is a step in the right direction, training alone is not enough to retain talent. It must be accompanied by improved remuneration and clearer career development pathways for technical professionals.

In addition, regarding Prime Minister Anwar's announcement on introducing the concept of the "ASEAN Business Entity (ABE)," the Chamber noted that the policy details remain unclear at this stage. The government should further clarify the implementation framework, eligibility criteria and expected benefits, and release the relevant guidelines as soon as possible.

As in previous years, operating expenditure continues to make up the largest portion of the budget, amounting to RM338.2 billion, while development expenditure stands at only RM81 billion. This indicates that the overall increase in spending mainly arises from higher operating costs, particularly civil servants' salaries and pensions. It is worth noting that with Malaysia's ageing population and the large size of the civil servants, pension expenses have become a substantial fiscal burden for the government. Therefore, PCCC urges the government to gradually implement pension system reforms. For example, transitioning towards a contribution-based model similar to the Employees Provident Fund (EPF) to ensure long-term fiscal sustainability and enable more funds towards national development.

The 2026 National Budget did not introduce any major tax reforms, focusing instead on improving the efficiency of tax administration and advancing the digitalization of tax management. However, PCCC continues to believe that the Goods and Services Tax (GST) represent a more comprehensive and equitable tax system that would enhance transparency and compliance while strengthening government revenue.

PCCC noted that the government had already proposed the Carbon Tax policy in the 2025 Budget, and Prime Minister Anwar announced that it will be implemented in 2026. The first phase will target on high-emission industries such as steel and energy. PCCC urges the government to promptly announce clear, transparent, and forward-looking implementation details and timelines so that businesses can plan and adjust their operational strategies accordingly to mitigate the impact of policy uncertainty.

With the implementation of the E-Invoicing system and the Self-Assessment System for stamp duty in 2026, penalties for filing inaccuracies or underpayment of taxes will become more stringent. Taxpayers are advised to strengthen their compliance awareness and ensure the accuracy of their tax declarations.

PCCC recommends that the government consider introducing a one-year grace period to help taxpayers gradually adapt to the new system. The Chamber also urges the government to simplify the list of documents subject to stamp duty and review the existing stamp duty rates to reduce administrative burdens and prevent rising operational costs. PCCC supports the government's gradual and orderly implementation of the Self-Assessment System but emphasizes the importance of providing clear implementation guidelines and transitional support measures to ensure that businesses, especially SMEs can adapt smoothly without facing undue compliance pressure.

PCCC President Dato' Seri Choot Ewe Seng stated that the 2026 National Budget is heading the right direction. The key to moving forward lies in effective implementation and the coordination of human resources which will ultimately determine in the success of our national reforms.

PCCC believes that meaningful reforms cannot be achieved overnight. Therefore, effective implementation and stringent oversight are essential to ensure the successful execution of the Budget's initiatives. The Chamber also expresses its full support for the government's policy direction in enhancing the resilience of Malaysia's industrial sector and advancing environmental sustainability.
